

WORKSHOP

A SITUATION ANALYSIS OF 'EDUCATION FOR SUSTAINABLE DEVELOPMENT' IN UGANDA MARTYRS UNIVERSITY

Today we have been confronted with a number of development problems because our education ignores several sustainability concerns. The workshop presents us with an audit on the steps made by UMU in providing Education for Sustainable Development (ESD). Besides the assessment report, suggestions shall be provided on how we (Management and Academic staff) can integrate ESD into our policies and courses and what contribution students can make to this cause.
